Dear Judge Golden:

This e-mail is to follow up on our telephone contact that the Wilcox Oil Refinery, in Creek County, Oklahoma, is being proposed to the National Priorities List (NPL). The NPL is a listing of Federal Superfund Sites. The proposal will be on the Environmental Protection Agency (EPA) Web-Site by May 21, 2013 and in the Federal Register May 23, 2013.

Thank you very much.
